OVERVIEW

Mississippi Stud is a five-card poker game. Players compete against a pay table, not against the dealer or other players.

Players make an ante wager and the optional 3 Card Bonus side bet. They then receive two cards. They either fold or buy the first community card (betting 1x to 3x their ante). When that card is revealed, they either fold or buy the second community card (1x to 3x their ante). After that card is revealed, they either fold or buy the third and final community card (1x to 3x their ante).

Players need a pair of Jack's or better to win, and a pair of 6's to 10's to push.

SHUFFLE OF THE CARDS

This game will be dealt from an automated card-shuffling device. This game will be played with one standard deck of 52 cards.

DEALING PROCEDURES

1. An automatic shuffler will be used to deal this game.
2. To begin the game, players must make an Ante bet.
3. The dealer places three community cards—face down—in the assigned area.
4. Working from left to right, the dealer gives each player two starting cards, facedown.
5. After looking at their two cards, players have a choice:
 - a. Fold (and surrender their ante); or
 - b. Make a flop bet of 1x to 3x their ante.
6. The dealer then reveals the first community card.
7. Players have a choice:
 - a. Fold (and surrender their ante and flop bets); or
 - b. Make a turn bet of 1x to 3x their ante.
8. The dealer then reveals the second community card.
9. Players have a choice:
 - a. Fold (and surrender their ante, flop and turn bets); or
 - b. Make a river bet of 1x to 3x their ante.
10. The dealer then reveals the third community card.
11. Working from right to left, the dealer reveals each remaining player's two-card starting hand, combines it with the three community cards, takes losing bets and pays winning bets. The dealer will also resolve the 3 Card Bonus side bet wagers at this time. After the dealer reconciles each hand the cards will be put in the discard rack.
12. The 3 Card Bonus side bet is based on the three community cards **ONLY**. The 3 Card Bonus will receive action regardless if the player folds their hand. If the player has placed a wager on the 3 Card Bonus side bet and folds, the dealer will remove the original MS Stud wager/s, and tuck the folded cards under the players 3 Card Bonus side bet. Players win with at least pair or better. See payable for odds.

IRREGULARITIES

- Any player or dealer hand with the incorrect number of cards will be considered a misdeal and all hands will be void.
- Players are allowed to wager on one hand only. Only one player plays in a single position.
- The cards must remain over the table in clear view of the dealer at all times.
- Providing hand information to another player will result in the hand being voided and forfeit of all wagers. This includes intentionally showing, verbal communication, looking at another players hand or any other way to gain knowledge of another players hand.
